Muntaha found **Dead** after 7 Days

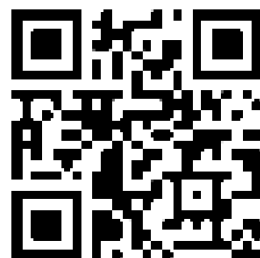

Khadija is **Missing** for 4 years

Below this statement, we feature the stories of two young girls Mumtaha, whose body was found seven days after she went missing, and Khadija, who has been missing for four years. Sadly, they are not alone. Every year, countless children in Bangladesh go missing, fall victim to trafficking, or are abducted, leaving families shattered and communities in distress.

If we truly want to bring the number of missing children in Bangladesh to zero, we need a united effort. That's why we are launching the Zero Missing Children Network a powerful alliance where schools, youth clubs, social organizations, and startups come together to take action, raise awareness, and develop real solutions to protect every child. Together, we can ensure no child disappears without a trace.

বাংলাদেশে পুরাই টাকার লোভ বা শত্রুতার জরে ধরে শিশু অপহরণ হয়. এবং তারপর সেই শিশুদরে হত্যা করা হয়। এমবার এলার্ট তা বন্ধে সহযোগিতা করবে বলে মনে করি।
